

**“OUR GOAL IS  
THE SAME AS  
INDUSTRY’S –  
ZERO INJURIES  
AND INCIDENTS.”**

**MURRAY ELLIOTT**  
PRESIDENT

As President, Murray Elliott will oversee the implementation of the strategic direction and the overall success for the merged organization of Enform Canada and the Oil Sands Safety Association (OSSA).

Murray was appointed President effective September 1, 2017. Over his 30-year career in the oil and gas industry, Murray has held a variety of progressive leadership roles in oil and gas development and production. Murray joined Shell Canada in 1986. In his most recent role as General Manager, Greater Deep Basin, Murray served as the integrated business leader for the development and production of Shell’s regional oil and gas asset.

Murray has also served as Vice President, Health, Safety, Environment and Sustainable Development for Shell’s Heavy Oil division and as Crisis Chief of Staff for Shell in Canada. He has held a broad range of asset management, upstream engineering, commercial, strategies, operations and development roles.

Murray’s active leadership in industry associations has included representing Shell on Canadian Association of Petroleum Producers’ (CAPP) Board of Governors, Alberta Executive Policy Group (EPG) and Oil Sands EPG, as well as chairing and participating in Industry-Regulator Committees. As President, Oil Sands Developers Group (OSDG), he led the industry review that later transformed OSDG into the present-day Oil Sands Community Alliance (OSCA). Murray has also served on Enform’s Board of Directors since 2016.
