Fixed costs include salaries, rent, and expenses such as accounting and legal fees which are approximately the same year over year and are not optional. Fixed costs are often referred to as overhead costs and do not generally fluctuate directly with activities. You may find it helpful to provide monthly breakdown to determine annual totals, it is optional. You must enter the annual totals in column titled "Total."

Use this worksheet to describe activities that would vary from year to year and that would not be covered by the fixed costs of your association. For example, a training program run by a salaried staff member at the HSA's usual operating location would not be included here. But activities that require additional rental spaces, materials to be created, or consultants to be hired should be included. Include the reference number of the corresponding work plan item in the first column (column A). If more rows are required, please click on the "2" symbol on the top left corner of the screen to unhide additional rows.
